Winter Session is Coming...

Let this be your child's opportunity to start the New Year with confidence in their academics. At Mill Creek Academy, we recognize that your time and resources are valuable. Tangible goods lose their luster; the intangibles, like education, continue to be important. Educating our children is usually at the top of our list. At Mill Creek Academy, we are proud to offer programs that you can trust, taught by hand-picked faculty members. We hope you will join us this Winter for a session loaded with potential for your children. Don't forget to "LIKE" us on Facebook!

AP Spring Boot Camp Preparation in April 2018

AP tests are administered in May and with the complexity and quantity of information on AP tests, we offer support to help your child with their test preparation. Instructing curriculum, reviewing content, discussing tips and techniques, your child will have an opportunity to review AP material to maximize their potential. Our AP teaching faculty from our local school districts, have successfully helped hundreds of students achieve passing scores. The 4- week intensive AP Spring Boot Camp is offered in April and the schedule will be released in early February 2018.
