

**Fall 2019 Chess Knights Institute**  
Classes meet September 9, 2019 – December 9, 2019

Dear Parents,

Learning chess helps children develop confidence, patience, sportsmanship, and problem-solving skills. These tools will help them succeed in the classroom and in life.

Our Chess Knights Institute takes a super-fun and modern approach to learning the ancient game using a combination of electronic and over-the-board learning methods. Throughout their chess learning journey, children will have fun and reap its benefits without even realizing it.

We are confident your child will find excitement and develop critical thinking skills through our chess program.

Sincerely,

**Carey Fan, Co-Director**

**Joyce Wong, Co-Director**
